EMERGENCY PROCEDURE GUIDE – TRANSPORT

EPG Code No. 9C1 – IERG 47

Version 2 - 1/01

HAZARD		IDENTIFICATION		
Class Symbol		Trade Name:	CURACRON 500 PRO INSECTICIDE	
Primary	Subsidiary	Shipping Name:	ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (CONTAINS PROFENOFOS)	
		UN Number:	3082	
		HAZCHEM:	2X – CONTAIN SPILLAGE	
		Physical Description:	Light yellow-brown liquid with unpleasant odour.	
		EMERGENCY CONTACTS		
9 ENVIRONMENTALLY HAZARDOUS		For all emergencies 000 Fire Brigade or Police	For specialist advice – emergency only 1800 033 111 (24 hours) SHE Pacific Pty.	Poisons Information Centre 13 11 26 (24 hours)
HAZARDS				
Fire or Explosion	May burn but do not ignite readily. Runoff from fire control or dilution water may pollute waterways. Fire may produce irritating, poisonous and/or corrosive fumes. Containers may explode when heated.			
Health	Inhalation or contact with substance may be harmful. Effects of contact or inhalation may be delayed.			
Protective Clothing	Emergency Services: Wear SCBA and structural firefighter's uniform. Minimum protective clothing for handling product: Wear cotton overalls buttoned to the neck and wrist, washable hat, elbow length PVC gloves, impervious footwear and a face shield.			
PUBLIC SAFETY				
For all Emergencies	ELIMINATE all ignition sources (no smoking, flares, sparks or flames) within at least 15 m. Spill or leak area should be isolated immediately for at least 10 m in all directions. Keep unauthorised personnel away. Keep upwind and to higher ground. Send message to police and fire brigade. Tell them location, material, UN number, quantity and emergency contact as well as condition of vehicle and damage observed. Warn other traffic.			
Evacuation	When a large quantity of this material is involved in a major fire, consider initial evacuation for 100 m in all directions.			
EMERGENCY RESPONSE				
Fire	Small fire Use dry chemical, CO ₂ , water spray or foam. Large fire Use water spray, fog or foam. If safe to do so, move undamaged containers from fire area. Cool containers with flooding quantities of water until well after fire is out.			
Spill or Leak	Do not touch or walk through spilled material. Stop leak if safe to do so - prevent entry into waterways, drains or confined areas. Water spray may be used to knock down or divert vapour clouds. Do not wash residues away with water. SEEK EXPERT ADVICE ON HANDLING AND DISPOSAL.			
First Aid	Remove victim to fresh air. Apply resuscitation if victim is not breathing. Administer oxygen if breathing is difficult. Remove contaminated clothing and shoes immediately. Remove material from skin immediately. In case of contact with material, immediately flush skin or eyes with running water for at least 15 minutes. If swallowed, do not induce vomiting. Give large quantities of water and seek immediate medical assistance. Keep victim warm and quiet. Obtain immediate medical care. Ensure attending medical personnel are aware of the identity and nature of the product(s) involved, and take precautions to protect themselves.
