

Cogito Compatibility Technical Cheat Sheet

Broadacre
20.06.2016

Get the latest technical knowledge to get the best out of our products. This month we have a downloadable technical note on the broad-spectrum foliar cereal fungicide, Cogito®.

Cogito provides growers and advisers increased flexibility in managing cereal fungal diseases.

It is very compatible with a wide range of commonly used broadacre herbicides, insecticides and foliar fertilisers.

Click the download below to get the latest Cogito Compatibility technical cheat sheet.
