

The first AgriClima offer period ends 1st July!

Broadacre
20.06.2017

Eligible growers can receive 15% cash-back on their investment in Syngenta products and enrolment is free of charge. [You can fill out the simple registration form here](#) to see what your potential cash back is.

Enrolments close 1st July for the first offer period so make sure you don't miss out!

About AgriClima

AgriClima is a program designed to help share with grain growers the risk of low rainfall during spring.

To be eligible, growers must spend at least \$50/ha on at least two selected Syngenta products across a minimum of 300 hectares. There are two offer periods to choose from: August/September or September/October.

What other growers say

"I'm glad I signed up, as I got some cash back on my investment when it didn't rain"

"The cash-back was much appreciated...to get something back when the gamble isn't in our favour helps to soften the effects."

"It was a chance to get some money back if things didn't go to plan"

QUALIFYING PRODUCTS:

AgriClima enrolment cut-off dates:

- 1st July 2017 for August-September offer period
- 1st August 2017 for September-October period.
