11.07.2017

Farmers and advisers are invited to register for WeedSmart Week in Wagga Wagga, New South Wales this August to gain information on managing resistant weeds.

The week includes a one-day forum and two days of farm visits.

The forum is a practical day, delivered mostly by farmers and agronomists, providing information on managing resistant weeds. The forum will be held on Monday, August 21, followed by the farm visits that will take place on August 22-23 and will give attendees the opportunity to talk directly to the farmers and farm managers about their farming systems.
