Product CP: Tabs

- Application Advice

Mixing and spraying

Add the required amount of CADENCE to a 3/4 full spray tank with the agitation system operating. Where a tank mix is to be applied, add CADENCE and mix thoroughly before adding compatible mixing partners.

Water volume
Boom Application: Apply by a properly calibrated boom spray using not less than 50 L of water/ha. Aerial Application: Apply at least 25 L total spray volume/ha. High volume application: Apply a minimum 1500 L/ha. Knapsack Application: a 15 L knapsack treats 150m².
