Formulation:

Suspension Concentrate | SC

Controls weeds in Almonds (SA only), Asparagus, Berry Fruit, Chickpeas, Faba Beans, Field Lupins, Gladioli, Hops, Orchards, TT-Canola and Vineyards.

Product CP: Tabs

- [Application Advice](#)

Mixing and spraying

Stir product or invert container several times before opening as settling of contents may occur after storage for some weeks. Pour the product into the spray vat through a strainer to remove any dry particles or flakes, which can occasionally occur under hot storage conditions. Add the full quantity of GESATOP 600 SC to the partly filled tank while agitating. Fill tank and agitate to ensure thorough mixing. Continue agitation while spraying. Agitate vigorously from the bottom if allowed to stand. Reseal part used containers immediately.
